

SO HOPE SERVICE USER/CARER GROUP

SoHope is a partnership between Community Addictions staff, service users and carers. Individual members bring a wide range of skills and experience to the group and come together to help shape, develop and improve community addiction services.

Participants

5 staff

8

service users

"Where there is hope there is help."

By being actively involved in the planning and delivery and monitoring of community addiction services it has helped with recovery. The service has become more service user/carer centered and increased the number of opportunities for involvement.

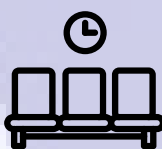

Partnership has achieved

Establishment of Harm Reduction Cafés

Southpod podcast

Assisted with the design of new waiting room

Influenced service changes

Helped to create a beautiful courtyard garden in partnership with the Arc horticultural project

Personal and Public
Involvement (PPI)

Involving you,
improving care
