

# PPI STANDARDS

A set of five Standards outline what is expected from HSC organisations and staff in relation to PPI. These were developed in partnership with service users, carers and the community and voluntary sector, and were formally endorsed by the Department of Health in 2015.

## **Standard One: Leadership**

Health and Social Care (HSC) organisations will have in place clear leadership arrangements to provide assurances that PPI is embedded into policy and practice.

01

## **Standard Two: Governance**

HSC organisations will have in place clear corporate governance arrangements to provide assurances that PPI is embedded into policy and practice.

02

## **Standard Three: Opportunities**

HSC organisations will provide clear and accessible opportunities for involvement at all levels, facilitating and supporting the involvement of service users, carers and the public in the planning, delivery and evaluation of services

03

## **Standard Four: Knowledge and Skills**

HSC organisations will provide PPI awareness-raising and training opportunities as appropriate to need, to enable all staff to deliver on their statutory PPI obligations

04

## **Standard Five: Measuring Outcomes**

HSC organisations will measure the impact and evaluate outcome of PPI activity
